

PUBLIC MEETING NOTICE

You are invited to participate in a public meeting designed to answer your questions and get the latest information on what is being done to bring safe drinking water to Kettleman City.

The State Water Resources Control Board, Reef-Sunset Unified School District, and Self-Help Enterprises will present information on drinking water quality monitoring, projects that provide safe drinking water, and an update on the planned drinking water treatment plant.

Topics to be discussed:

- Understanding Contaminant Levels in Your Water
- Routine Water Monitoring and Where to Get Results
- Drinking Water Quality in Kettleman City Water vs. Kettleman City Elementary School (KCES)
- KCES Water Filtration Project
- State Funded Programs (Bottled Water Program, Water Filtration Project, and Surface Water Treatment Plant)
- Next Steps and Timeline

Join us on:

**Wednesday, August 31, 2016
6:00 p.m. – 8:30 p. m.
Kettleman City Elementary School Cafeteria,
701 General Petroleum Street, Kettleman City, CA 93239**

**Spanish language interpretation services will be available.*

For information, contact: Marina Pérez (Bilingual), (916) 322-4265.
