

This Wednesday July 19th, the San Francisco Mime Troupe in partnership with Greenaction for Health and Environmental Justice, and the 3rd Street Youth Center are proud to present the world premiere of “Level Five”, a short play written and performed by Bayview youth.

Free and open to the public, the performance begins at 6 pm at the start of the bi-monthly Greenaction task force meeting at the **Bayview** Opera House, 4705 3rd Street San Francisco. Join us for dinner at 5:30!

The youth wrote the play collaboratively after Greenaction taught them the scary environmental history of the Bayview/Hunters’ Point area and the real stories of brave local activists who have won long battles fighting giant forces like PG & E.

The youth who are participants at 3rd Street Youth Center have been meeting regularly with members of the Mime Troupe and Greenaction and honing their stage skills while absorbing the concept of environment racism. Come for the show and stay for the meeting and see how you can also reverse the neighborhoods toxic trends that have plagued the southeastern corner of our city for over a century.
