

TAKING ACTION!

Protecting Indigenous Lands, People, and Sacred Sites!

We work with Native Nations and Indigenous communities to resist threats to their health, environment, sacred sites, and culture.

Empowering Youth & Adults!

Our Environmental and Climate Justice Leadership Academies empower youth and adults with knowledge, skills and confidence to be effective activists and leaders.

Pollution Prevention, Clean Technologies, Just Transition!

We challenge industry to stop producing and using harmful chemicals and dirty energy. We support a Just Transition for workers in fossil fuel and other extractive industries as society moves to clean energy and safe technologies.

**Greenaction
for Health and
Environmental Justice**

**Together we can
make a difference!**

GREENACTION

We are a multiracial grassroots organization engaged in campaigns for health and environmental justice in low-income and working class urban, rural and Indigenous communities.

We educate, empower, mobilize, and unite communities to stop existing and potential threats to health and the environment.

"Gila River Indian Community tribal members thank Greenaction for educating us and helping kick toxic polluters off our lands. Our community is now cleaner and healthier."

Lori Thomas
Gila River Alliance for a
CleanEnvironment

GREENACTION

HOLDS corporate polluters and governments **ACCOUNTABLE** on issues of environmental health and justice.

EMPOWERS COMMUNITIES with organizing, action, media, assistance, technical and strategic expertise, and skills building programs for both youth and adults so they gain the knowledge and confidence to win victories.

TAKES nonviolent direct **ACTION** against polluters.

WORKS for pollution prevention, healthy jobs and safe technologies.

UNITES communities in the grassroots movement for environmental and climate justice.

We mobilize community power to win victories that change government and corporate policies and practices to protect health and to promote environmental, social and economic justice.

TAKING ACTION!

Stop Environmental Racism & Injustice!

We challenge industry and government to stop their unjust, discriminatory policies & practices that target and pollute low-income and communities of color. We fight to ensure that people have the right to meaningful participation in decisions that impact their lives.

Stop Cancer & Asthma Where It Starts!

We work with communities to protect their health by stopping and reducing pollution from existing and proposed dirty industries and contamination sites.

Stop Climate Change! Climate Justice Now!

We oppose nuclear power and waste incineration, as they pollute and are not solutions to the climate crisis.
