

***TAKE ACTION FOR ENVIRONMENTAL & CLIMATE JUSTICE!***

# ***Tell Congress and the White House: Keep the Ban on Crude Oil Exports & Stop Exports of All Fossil Fuels***

- **Protect Our Climate, Health and Environment!**
- **No More Fracking or Tar Sands Mining!**
- **No More Crude Oil Rail Shipments Through Our Communities!**
- **Support Renewable Energy!**

**TUESDAY, SEPTEMBER 8<sup>TH</sup> –12 NOON**  
**Federal Building**  
**Mission and 7th Streets, San Francisco**

The Oil Industry is currently working with their friends in Congress in an effort to lift the decades-old ban on shipping crude oil abroad.

In late July, the U.S. Senate Energy and Natural Resources Committee – chaired by Senator Murkowski of Alaska - approved the “Energy Policy Modernization Act of 2015” that includes a dangerous measure to lift the decades-old crude oil export ban.

Exporting crude oil will encourage even more fracking and tar sands mining, causing increased health, environmental and climate problems in the US and abroad.

To protect health, the environment and stop climate change, we need to keep the crude oil export ban in place, stop fracking and tar sands mining, build the campaign to keep dirty oil and other fossil fuels in the ground, and support renewable energy.

**Call your US Senators (202) 224-3121**

**tell them to vote against attempts to lift the ban on exporting crude oil!**
