

PEOPLE'S EARTH DAY 2022

We demand from the
SF Board of
Supervisors, Mayor
Breed, US Navy and
state & federal
government agencies:

1. Full and comprehensive cleanup of all toxic & radioactive contamination.
2. Retesting with independent community oversight of Hunters Point Naval Shipyard Superfund Site & adjacent areas.
3. Full reparations including financial compensation and lifetime health services for all residents, ex-residents and workers exposed and impacted by Shipyard contamination.
