

Support Greenaction in Honor of our 25th Anniversary!

December 9, 2022

Dear friends,

It was 25 years ago that grassroots leaders from frontline urban, rural, and Indigenous communities united to form an organization to support communities and win victories in the fight for health and environmental justice,

Greenaction for Health and Environmental Justice was born!

Twenty-five years later, Greenaction remains on the frontlines of environmental and climate justice, fighting environmental racism, challenging corporate polluters and their friends in government, and helping communities win victories and bringing about improvements in government and industry policies and practices.

From the San Francisco Bay Area to the San Joaquin Valley, the Imperial Valley, the Mojave Desert, Arizona, Nevada, Utah, Indigenous lands across the west, and beyond, our staff, Board members, and volunteers work tirelessly for healthy communities, a healthy planet, and justice.

Please support Greenaction during our 25th Anniversary Campaign by making a donation, large or small - \$25, \$250, \$2500, or whatever you can - to enable us to begin our second 25 years stronger than ever.

Every donation supports our campaigns in frontline urban, rural, and Indigenous communities.

Please tell your friends, family, and co-workers about Greenaction, follow us on social media, and join us in the fight for healthy communities, a healthy planet, and justice for all.

And please join us for our 25th Anniversary Celebrations, including Saturday, February 11, 2023, at the Southeast Community Center in Bayview Hunters Point, San Francisco.

Sincerely,

Bradley Angel, on behalf of Greenaction's Staff and Board of Directors

Please donate online at www.greenaction.org or send a check to Greenaction at our new office: 466 Geary Street, Suite 300, San Francisco, CA 94108.

Donations to Greenaction are tax-deductible to the maximum extent allowable under the law.
