

## ***Greenaction on the Frontlines of Indigenous Struggles Against the Uranium Industry!***

### **WHITE MESA UTES SAY "NO TO URANIUM"**

**Greetings from Utah**, where Greenaction is on the frontlines with tribal members of White Mesa Concerned Community and the Ute Mountain Ute Tribe. The fight against Energy Fuels' uranium mill/dump is heating up, and the Tribe and its members are fighting to protect their health, environment, culture, and sacred sites from pollution and destruction.

On October 4<sup>th</sup>, Greenaction joined with 20 tribal members and dozens of allies in an inspiring rally on the steps of the Utah State Capitol in Salt Lake City (pictured above) to demand the closure and cleanup of Energy Fuels' uranium mill (and dump) located next to the White Mesa Ute Community and near the Bears Ears National Monument. The facility is the only uranium mill in the U.S. and is becoming an international radioactive dump.

### ***Donate to Greenaction and Support our Indigenous Lands Campaigns***

All of the donations we receive make an impact! We greatly appreciate all of your support!

### **Join Us at White Mesa on Saturday!**

## **White Mesa Ute Community Spiritual Walk & Protest**

Protecting Our Communities, Health, Environment & Indigenous Sacred Lands

#### **Directions**

- The White Mesa Community Center is between Bluff and Blanding, Utah.
- The community center is located slightly off Highway 191, on the west side of the road, behind the gas station.
- Look for a large building with "White Mesa Community Center" written on the side.

#### **At the White Mesa Community Center**

Rally starts at 11AM MDT, followed by the spiritual and protest walk to the White Mesa uranium mill.

**Wear comfortable shoes and bring plenty of water!**

**October 12, 2024  
Saturday 11am MDT**

**Sponsored By**  
White Mesa Concerned Community & Ute Mountain Ute Tribe

**Co-Sponsors By**  
Earthworks, Great Old Broads for Wilderness, Greenaction for Health and Environmental Justice, HEAL Utah, Indigenous Environmental Network, Living Rivers, Multicultural Alliance for a Safe Environment, National Parks Conservation Association, PANDOS, Southern Utah Wilderness Alliance, University of Utah Environmental Justice Clinic, Uranium Watch, Urban Indian Center of Salt Lake, Utah Chapter of the Sierra Club, and Utah Diné Bikéyah

### **Successful Rally in Front of Utah State Capital!**

White Mesa Ute community, Greenaction, and other supporters rallied at the Utah State Capitol on October 4th against uranium transport and processing in their community. No toxic waste on native lands!

### **White Mesa in the News!**

Read Press Coverage:  
[\*Calls to shut down the country's only uranium mill come to Salt Lake City\*](#)  
October 4, 2024

**"I want my community to have good air quality, good water resources,"** said Yolanda Badback, a White Mesa resident. **"We live there and that's our homeland. And I will never leave my homeland for anything."**

White Mesa says NO to Uranium

And protect our Sacred Land

Greenaction is mobilizing for the Spiritual Walk and Protest. Led by tribal members and tribal leaders, we will rally at the White Mesa Ute Community Building and then walk and caravan to the front gate of the Energy Fuels' mill/dump.

We are also asking everyone to take two actions to support White Mesa, and to support Greenaction's work with Indigenous People and Native Nations:

- (1) Scan this QR code to send letters to the Governor of Utah to demand he stop the dumping of uranium and other radioactive waste at Energy Fuels' mill and dump

- (2) Please Donate to support Greenaction's Indigenous Lands Campaigns! Donate online at [www.greenaction.org](http://www.greenaction.org) or send a check to Greenaction, 466 Geary Street, Suite 300, San Francisco, CA 94102

***PROTECT NATIVE LANDS!  
KEEP URANIUM IN THE GROUND!***
