

SUPPORT THE WHITE MESA UTE COMMUNITY AND THE UTE MOUNTAIN UTE TRIBE

**PROTEST ENERGY FUELS' URANIUM MINES AT LASAL AND NEAR THE GRAND CANYON!
STOP ENERGY FUELS' URANIUM MILL/DUMP NEXT TO THE WHITE MESA UTE COMMUNITY!**

SATURDAY, MAY 16, 2026 12 noon at LA SAL JUNCTION

(intersection of Highway 191 and 46 – about 20 miles south of Moab)

Energy Fuels operates uranium mines near Moab in La Sal, and also operates the Pinyon Plain mine near the Grand Canyon. They also operate the uranium mill next to the White Mesa Ute Community in San Juan County which is turning into an international radioactive dump.

Please join us to support the White Mesa Ute Community, the Ute Mountain Ute Tribe, Navajo/Dine community groups, and the Havasupai Tribe who are working together to stop more uranium mining and transportation and dumping of radioactive materials at the Energy Fuels mill/dump next to White Mesa.

SPONSORED BY WHITE MESA CONCERNED COMMUNITY, GREENACTION FOR HEALTH AND ENVIRONMENTAL JUSTICE, URANIUM WATCH, BIDII ROOTS, AND MORE ALLIES TOO!
